

Alumni News

OCTOBER, 1974

VOLUME 7, NUMBER 1

Dr. Fred Durr moves into his new office on the renovated third floor of Holloway Hall.

S.S.C.'s Enrollment Spurs 1,000 New Students Arrive

The college announced that its student enrollment continues to spiral upwards, with a record attendance in September.

Mrs. Margaret Hopkins, Director of Admissions, says that Salisbury State had a 22 percent increase in freshmen and transfer students over last year's totals.

Mrs. Hopkins noted: "This dramatic increase comes at a time when enrollments in colleges and universities across the country are leveling off."

She continued: "There are a number of factors contributing to Salisbury State's attractiveness as a college. Among them are the introduction of additional majors in the academic program, as well as the start of a Medical Technology Major.

"Pre-Med and Pre-Law concentrates have also encouraged more interest in the college, as well as an expanded athletic program.

"To facilitate this interest, we have opened two new high-rise dormitories over the past several years, as well as put another dorm on the drawing board."

Mrs. Hopkins said that approximately

1000 freshmen and transfer students started at Salisbury State this fall, bringing the total full-time student enrollment to the 2,400 figure.

The Admissions Director noted that applications for admission also went up 13 percent. Nearly 1,600 high school seniors and transfers applied for this year's class, compared with 1,265 a year ago.

Mrs. Hopkins said that the Baltimore-Washington area is providing 32 percent of the new students, while 22 percent come from Wicomico County.

Approximately 45 percent of all new students are from the Eastern Shore of Maryland, while seven percent come from Delaware and Virginia's Eastern Shore.

New Honor Society Installed On Campus

Salisbury State has been installed as a new chapter of the Phi Kappa Phi, National Honor Society.

Dr. Augustine DiGiovanna, Assistant Professor of Biology, will serve as President of the new group. He attended the Triennial Convention of Phi Kappa Phi, recently, in Knoxville, Tenn.

Others elected as officers include: President Elect, Dr. Ray Thompson; Secretary, Mrs. C. C. Sickmund; Treasurer, Dr. George Whitehead; and Public Relations, Dr. M. G. Les Callette.

Installation of the new Salisbury Chapter took place on September 26. Dr. James T. Barrs of Northeastern University and Vice President of the organization's Eastern Region, handled the installation.

The Society first began on the campus of the University of Maine in 1897 by ten students. Today, it has approximately 150 member institutions in 47 states and the District of Columbia.

Purpose of Phi Kappa Phi is to recognize and encourage superior scholarship in all academic areas and to bring together students of the most outstanding intellect.

Gala Homecoming Set Reservations Needed

Salisbury State College's Alumni Association is preparing for the 1974 Homecoming to be held on Saturday, November 9. Events will be held for both Alumni and students.

Alumni President Bob Fitzgerald and Board Members Sylvia Bradley, Pat Evans and Sandy and Jeff Webb have been busy preparing a busy day for visiting Alumni.

Registration for the Alumni will be held from 10:00 a.m. to 1:00 p.m. in the main lobby of Holloway Hall. Tickets for all but the cocktail/dinner event will be available to Alumni at this time. (Dinner reservations must be made by Nov. 4 by calling or writing the Alumni Office.) A buffet luncheon will be available at the College's Memorial Student Union dining hall from 11:30 a.m. to 1:00 p.m. The meal will cost \$1.25.

Highlighting the afternoon's activities will be a Sea Gulls' football game with Madison College and the selection of the Homecoming Queen. The game will be held at Wicomico County Stadium and will cost \$3.00 for reserve tickets unless purchased from the Alumni Office before November 5. (They will be \$2.00 if ordered by November 2.)

Halftime activities for the Homecoming game will include the crowning of the Homecoming Queen. Homecoming displays will also be shown while the Sea Gull Marching Band will present a half-time show.

A business meeting will precede a cocktail/dinner party for the Alumni. The business meeting will be held in Caruthers Hall Auditorium at 5:30 p.m. The cocktail/dinner party will be held in the College Center beginning at 6:00 p.m. The meal and drinks will cost \$4.50 per person.

The evening will be capped by a dance for the Alumni. The dance will be in the College Center with a well known area band playing. Beer and mixers will be available at the dance which begins at 9:00 p.m. and lasts until 1:00 a.m. Tickets will be \$3.00 each.

Activities for the students include the football game and a dance at the Delmarva Convention Center. The dance will cost \$2.00 per couple.

(Get your football and dinner reservations in early!!!)

New P.E. Building Started

Construction will begin in September on Salisbury State College's new \$4.8-million Physical Education Center, it has been announced by the College and the contractor — J. Roland Dashiell and Sons, Inc., of Salisbury.

The contract was officially awarded this week to the local firm by the Maryland Department of General Services. It will be located on the site of the present college baseball field, off Route 13 near Devilbiss Science Hall and Memorial Student Union.

The Salisbury Community will benefit generally from the new college Physical Education Center, it has been noted by Salisbury State officials. It will enable college students to pursue normal physical athletic functions relative to the dramatic growth of the college academic program. The Physical Education major is one of the college's fastest growing programs and is presently being carried out in an inadequate facility.

Dr. Norman C. Crawford, Jr., President of Salisbury State College, commented on the new structure:

"We are not only pleased that the college will now have an adequate facility to benefit our increased number of students, but we are happy to be able to serve additional needs of our community.

"Providing educational services to the community is at the top of our higher educational objectives and our academic programs are constantly geared in this direction. We feel that many community sports functions may be scheduled in this new facility. The indoor swimming pool will also be open at specified times for use by the general public.

"The new structure will be an asset to our entire community," Dr. Crawford added.

Included in the Physical Education building will be a main arena which is ex-

pected to seat 3,000, a multi-purpose gymnasium, classrooms, an Olympic size pool, general showers and lockers, varsity team room, visiting team room, officials' dressing room, training rooms, laundry, ticket booth, student lounge, three handball courts, gymnastics room, wrestling room, weight lifting room, multi-purpose room, faculty lounge, faculty offices, and faculty showers.

According to the contract signed with the contractor, the Physical Education Center is expected to be finished within two years.

Enlarged Library

New books are shelved at Blackwell Library.

HOMECOMING SCHEDULE

FRIDAY, NOVEMBER 8

7 p.m. & 10 p.m.
Movie — Paper Moon — Devilbiss Hall

8:30 p.m.
Play — Dark of the Moon — HH Aud.

SATURDAY, NOVEMBER 9

10 a.m. - 1 p.m.
Registration — Holloway Hall

11:30 a.m. - 1 p.m.
Luncheon — College Center

1:30 p.m.
Football Game — Wicomico County Stadium — SSC vs. Madison College

Halftime
Crowning of Homecoming Queen & Parade of Homecoming Displays

5:30 p.m.
Alumni Business Meeting — Caruthers Hall Auditorium

6:00 p.m. - 8:30 p.m.
Cocktails & Buffet Dinner — College Center

9 p.m. - 1 a.m.
Alumni Dance — College Center

SSC, UMES & PGH Begin Med-Tech

Salisbury State, in cooperation with the University of Maryland Eastern Shore and in conjunction with Peninsula General Hospital, announced that a new medical technology major has been approved by the State College Board of Trustees and by the Maryland Council for Higher Education.

The medical technology major, which is available to students at both institutions, calls for a three-year undergraduate program with concentration in chemistry and biology. The fourth year of the program involves a year-long clinical experience at Peninsula General Hospital, where the student will study such subjects as bacteriology, biochemistry, clinical microscopy, hematology, histology, microbiology, parasitology, and serology.

The program draws its strength from the cooperation of the three institutions. Peninsula General Hospital, which currently offers an X-ray Technology program and a nursing program, has an excellent clinical staff and educational facilities, which include the Avery Hall Educational Center. SSC and UMES already offer the courses required in the first three years of the program. Coordinated scheduling of the required science classes for students at the two campuses will insure efficiency and flexibility, and the program will draw from the strengths of each institution's staffing. Biochemistry, for example, will be taught at UMES. In order for the medical technology students at SSC and UMES to become acquainted with each other and with the program, an Introduction to Medical Technology Course will be taught during the freshman year. This course, to be offered at PGH, will provide an overview of and exposure to the field of medical technology.

Three Med-Tech students from SSC with one of the many machines they are learning to use at Peninsula General Hospital.

It is hoped that the medical technology program will help to alleviate the critical shortage of medical technologists on the Shore. Between ten and fifteen students a year are expected to graduate from the program.

The first group of students in the clinical experience began their training July 1. Coordinating the program will be Mr. Barry Grosky, an Assistant Professor of Medical Technology at SSC. Director

for the fourth-year clinical experience will be Dr. James Norton, Clinical Pathologist at Peninsula General. Dr. Norton will also hold adjunct professor rank at SSC.

Overall supervision of the program will be the responsibility of the Medical Technology Committee comprised of Mr. Grosky, Dr. Norton, Dr. Edward Shaffer, Chairman of the SSC Chemistry Department, Dr. Robert Hedeon, Chairman of

Witchcraft At SSC

The Salisbury State Theatre is planning a full and exciting season, with the first production a dramatization of the North Carolina mountain legend "Dark of the Moon."

This musical presentation will uniquely combine the eerie witch-craft folk tales of the Great Smokies with such Americana as a country hoedown, a down-home revival meeting and a gathering of the small town regulars at the general store.

The main plot deals with the Romeo-and-Juliet-like romance between John, a mountain witch-boy, and Barbara Allen, a human girl, and the problems and prejudices that arise because of their strange love affair. The reactions of the local people demonstrate the usual unfortunate results of callous, unthinking mob action.

This production will be the Salisbury State Theatre's inaugural presentation in newly renovated Holloway Hall auditorium. The production is scheduled for Nov. 8, 9, 14, 15, 16 and 17 at 8:30 p.m.

Productions now under consideration for later this season include Edward Albee's shocking "Who's Afraid of Virginia Wolfe?"; Samuel Beckett's classic of the Theatre of the Absurd "Waiting for Godot"; Shakespeare's popular "A Midsummer Night's Dream" and the hilarious comedy review, "The Mad Show."

Season subscriptions and sponsorships are again available. For further information, call 546-3261, ext. 493.

The SSC Biology Department, Dr. Steve Rebach, Dr. P. James Doyle, and Mr. William Hull of the UMES Natural Science Department. The committee will consider such matters as admission policy, curriculum, and placement and will conduct an on-going evaluation of the program.

Salisbury State Notes

College

Julian Bond, nationally-known Georgia legislator who was the first black man in U.S. history to be nominated for the U.S. vice-presidency, spoke in the College Center Cultural Events Program October 2 in Holloway Hall Auditorium.

The title of Mr. Bond's Salisbury State College talk was "Changing the Color of Politics." A reception for Mr. Bond was held in the Holloway Hall social room, following the talk.

Salisbury State College was the scene, September 21, of a statewide Reading Conference under sponsorship of the State International Reading Association. The College and the Wicomico County Board of Education presented the conference.

The Conference workshops were designed to provide elementary and secondary teachers, reading teachers, resource room teachers, reading specialists, and principals with practical ideas and techniques for improving reading achievement.

"As You Like It" by the New Shakespeare Company of San Francisco was presented on campus Sunday, September 22.

The North End Dance Troupe, a group of talented junior and senior high school students from Hartford, Conn., spent two days on the Salisbury campus July 11 and 12.

Highlight of their visit was a Matinee Dance Concert in Tawes Gymnasium. The purpose of the tour was to acquaint the students with higher education as well as perpetuate their performing career.

Salisbury State College hosted the first meeting of a new statewide collegiate biological association Oct. 4 and 5.

Dr. Harry Womack, Assistant Professor of Biology, who is handling arrangements, says The Maryland Consortium of Biological Scientists session attracted 150 members and guests from all four-year and two-year colleges in the state.

Feature of the two-day meeting was a

trip to the Lewes, Del., Marine Services Consortium next to the Cape May-Lewes Ferry installation. The group made a cruise as part of their marine studies.

Dr. Richard Dodge, Educational Coordinator of the Institute of Biological Scientists, was the keynote speaker.

Salisbury State College held a Parents' Day on the campus September 28. It represents the first time in its history, that a day was set aside for parents.

Parents of new students were invited to the campus for a series of events. The special Parents' Day was established to offer new parents "an opportunity to get to know the campus community," according to Orem Robinson, Dean of Student Affairs.

The College announced the establishment of a depository for all publications of the American Enterprise Institute for Public Policy Research in May. These publications will be housed in Blackwell Library. The American Enterprise Institute is a publicly supported, non-partisan research and educational organization located in Washington, D.C.

What was believed by coordinators to be the first conference on Folklore and Popular Culture ever held on the Eastern Shore was held at SSC October 19.

The conference emphasized Eastern Shore Folklore and traditions. It also covered topics of general interest as well. Sponsored jointly by SSC, Maryland Folklore Society and the Middle Atlantic Chapter of the Popular Culture Association, the event featured slides, tapes, videotapes and live demonstrations.

The morning panel was devoted to regional folklore of Maryland. Topics included legends and folktales of Kent and Talbot Counties student-produced magazines of Eastern Shore traditions; supernatural lore of the border country of Maryland and Pennsylvania; domestic customs of Southern Delaware; and the community minstrel.

The afternoon panel covered such topics as urban stand-up comedy and rural humor; social constraints evident in contemporary country music; dulcimer-makers of the Blue Ridge Mountains of North Carolina; and popular sources for the avant-garde in the contemporary visual arts.

Faculty

Dr. Joan Joesting, Associate Professor of Psychology at Salisbury State College, served as Chairman of a business meeting at a recent Annual Convention of the American Psychological Association in New Orleans.

Dr. Maurice W. Bozman, Associate Professor and Associate Chairman of the Education Department, represented SSC at a weekend Conference on "Regional Association of Colleges for Teacher Education" sponsored by the American Association of Colleges for Teacher Education and the College of Education, University of Delaware. Dr. Bozman also was recently selected as an "Outstanding Educator of America" for "achievements in the field of education."

Dr. Thomas Early, Geochemist in the Physical Science Department attended a meeting of Geoscientists from the U.S. and other countries the week of September 20th - 28th in San Diego, California.

Mrs. James A. Russell, Instructor of Music at Salisbury State College, recently completed a course offered at the Peabody Conservatory of Music in Baltimore.

Mr. Kent Kimmel, Chairman of the Art Department, was awarded a certificate in printmaking in March, at the 21st Annual Wicomico Art League Show. Ms. Marie A. Tator, Instructor of Art at SSC, was awarded first place in sculpture and first place in the professional class.

At the opening of the Eastern Academy of Arts Juried Art Exhibition in April, Ms. Tator was awarded first place in sculpture.

Dr. Thomas L. Erskine, Professor of English and Academic Dean, has co-edited a book which has recently been published by the Dickenson Publishing Company. From Fiction to Film: D. H. Lawrence's "Rocking-Horse Winner," the third book in the Literature and Film series.

Sylvia S. Bradley, Assistant Professor of History, has recently had her teacher's manual published by John Wiley & Sons, Inc. of New York. The manual is a complement to the book, *A History of World Civilization*, by John F. Fagg, C. Warren, and Carter Jefferson, and has the same title.

The first Salisbury State Faculty member to participate in the national professional exchange program will be Dr. Robert J. Wesley, Chairman of the Department of Speech and Theatre.

He will spend the 1974-75 academic year at Eastern Michigan University at Ypsilanti, Michigan, while Harry W. Bowen, Professor of Speech and Dramatic Arts, will be visiting lecturer at Salisbury for the same period.

Dr. Winifred Helmes, Professor of History and Dr. Edmund Delaney, Chairman of the Psychology Department, were participants in a recent University of Maryland Conference, sponsored by the Cooperative Extension Service at College Park.

Dr. Helmes, who represented the Maryland Commission on Status of Women, served on the Conference Advisory Committee.

Dr. Delaney was one of the speakers. He discussed "Shaping Our Children's Values."

Students

Four Salisbury State art students won awards at the 11th Annual Dorchester Art Exhibition, held in Cambridge, in May.

Nanette Holfeld won Third Place in Painting, and three others received Honorable Mention. They were: Bernice Eck, who won an Honorable Mention in Graphics, and Jean Myers and Sally Crawford, who received Honorable Mention in Painting.

Joanne Keyes, a senior Business Administration major from Baltimore, was presented with the first A. L. Fleming Scholarship Award. Establishment of the Professor A. L. Fleming Memorial Scholarship Fund was initiated by the Greater Salisbury Committee and joined by the Salisbury Area Chamber of Commerce.

Six senior student teachers are taking part in the "Open Space" involvement in the new Greensboro Elementary School.

The students, James Apple, Martha Fountain, Daniel Towers, Kathleen Fowler, Yvonne Statum and Rose Weiland, are teaching with a team of teachers in a number of areas of the school. Their schedule permits involvement with specialists in art, music, media and physical education.

\$150,000 SSC Sociology Program Includes HEW Grant

A \$150,000 Sociology Program, including an HEW Grant to Salisbury State College through the State Department of Employment and Social Services, was renewed for another year.

The grant, designed to enrich the basic education program, adds new dimensions of involvement in the life of the Eastern Shore.

Appointment of Harry Aldrich, Assistant Professor of Sociology at Salisbury State College as Director of the Social Welfare-Social Work Program, was announced by Dr. Norman C. Crawford, Jr., President of the College.

SSC's new social program has been accredited by the Council on Social Work Education, qualifying graduates for the first level of professional practice.

According to Dr. John H. Shope, Chairman of the College Sociology Department, the HEW Grant gives "a tremendous boost to the entire program."

He commented: "As a result of this development and the growth of our program, our integrated enrollment has risen to 69 black and white students in the professional program and 275 enrolled in social work courses."

The Social work program began in 1970 and offers 36 credit hours in courses dealing with theory, principles, methods of social work, and the needed professional skills.

The HEW Grant makes possible the extension of the service through seminars, inservice training courses and workshops to professionals and others serving in agencies of the Eastern Shore.

Current plans for use of these funds include: five College-Community Work-

shops, a joint pilot project with the State Department for aiding staff skills and consumer services, a two-part series in social service consumer relations, two institutes for faculty field instructors, and regularly scheduled consultant services in the field of social welfare.

Joining with the College in providing field instruction for the Social Work students are: the Department of Juvenile Services, the Department of Employment and Social Services, Shore Up! Inc., the Lower Shore Sheltered Workshop, Wetipquin Day Care Center, Mid-Delmarva Family YMCA, Family Planning, The Eastern Shore Hospital Department of Social Services, the Holly Center, Department of Parole and Probation, the MAC program, Delaware Department of Social Services, the Upper Shore Mental Health Center, and the Salvation Army.

Members of the task force at the College who carry out the program include: Dr. John H. Shope, Chairman; Harry C. Aldrich, M.S.W., A.C.S.W., Director; Ms. Muriel Renee Morris, M.S.W.; Robert Long, M.S.W.; with supportive sociology faculty of Dr. K. Peter Lade, Alfred K. Talbot, Charles C. Cipolla, and Edward J. Steffes.

Cultural Activities Announced at SSC

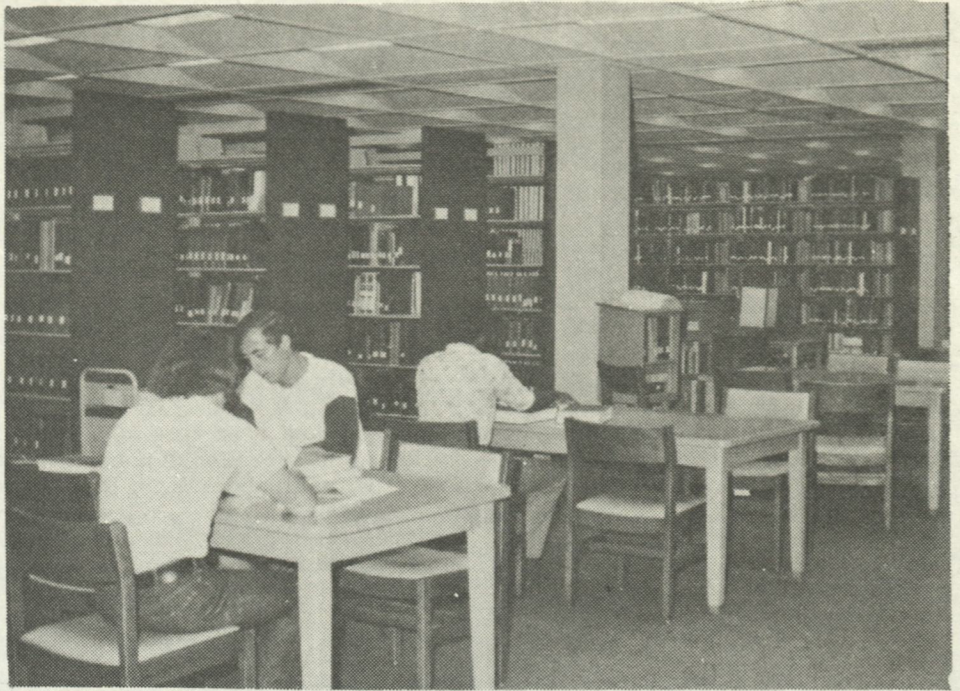

A wide range of cultural activities and visits by well known personalities are on Salisbury State College's Program Board Schedule this fall.

Scheduled are the Baltimore Symphony Orchestra, sponsored by the Eastern Shore Symphony Society, on November 18 and Pianist David Bar-Illan on November 21, both sponsored by the Community Concert Association.

Another well known personality will be Charlie Byrd in concert on November 12.

The International Film Series, which began at Salisbury State last year, will continue. On the repertoire will be the following:

On October 20, SAVAGE MESSIAH, Ken Russell (Great Britain, 1972); on November 17, THE CINEMA OF JOSFF VON STERNBERG—at 7:30 P.M. MO-ROCCO (U.S.A., 1930), and at 9:00 P.M. AN AMERICAN TRAGEDY (U.S.A., 1931); and on December 8, BRINK OF LIFE, Ingmar Bergman (Sweden, 1957).

Students wasted little time in getting use from the new Blackwell Library during the summer.

College Growth Reflected in Addition Of 33 New Faculty and Administrators

Thirty-three new faculty and administrators have joined the SSC community. These new members greeting the new and returning students are:

Dr. Harold O. Schaffer, Director of Summer Session and Extension, coming from State University College at Cortland, New York; J. Avery Saulsbury, Associate Registrar, Bel Air Middle School; Gregory deF. Islan, Assistant Director of Public Relations, U.S. Military Academy at West Point; and Judylynn Bailey, Academic Counselor, Bowling Green State University in Ohio.

Art Department: Fincher Jackson, Jr., Philadelphia Public Schools.

Biology Department: Dr. Judith A. Rebach, Ocean City College.

Business Administration and Economics: Charles S. Hatfield, Mississippi Gulf Coast Junior College; Robert C. Hogg, Main LaFrentz and Company; Dr. Tai Young Lee, Indiana University East; Dr. John E. Lewis, Florida International University; and Robert M. Sperry, Prosecuting Attorney's Office in Fairmont, West Virginia.

Communication Arts: Thomas G. Clemens.

Education: Alvah Constantine, Fairleigh Dickinson University in New Jersey.

English: Dr. Darrell G. Hagar, West

Virginia University; and Allen N. Smith, Michigan State University.

History: Dr. Robert A. Berry, English Language Services in Washington, D.C.

Mathematics: Dr. Bernard A. Fusaro, Queens College in North Carolina; and Dr. David L. Parker, Indiana University.

Medical Technology: Barry M. Grosky, Peninsula General Hospital.

Modern Languages: Christine Dauvergne, State University of New York at Buffalo.

Music: Arthur L. Delpaz, Trinity Episcopal Church in Pottsville, Pennsylvania.

Philosophy: Susan C. Cabral, State University of New York at Binghamton.

Physical Education: Grady Armstrong, Shaw University in North Carolina; Dr. K. Nelson Butler, University of South Florida; Linda L. Farver, South Carroll High School in Sykesville; and Arden Peck, Bennet College in New York.

Physical Science: Edward G. Senkbeil, University of Delaware.

Psychology: Dr. Robert W. Graff, Southern Illinois University; Dr. Joan Joesting, Livingstone College in North Carolina; and Dr. Howard E. Wright, Hampton Institute in Virginia.

Sociology: Dr. Charles Cipolla, University of Georgia; Dr. K. Peter Lade, University of Pennsylvania; and Robert P. Long, University of Chicago.

Alumni Briefs

William J. Lange, Jr. ('74) and James O. Walsh ('74) attended the National Foreign Affairs Conference held at the Naval Academy, Annapolis, The two were history majors.

Thomas W. Hurley ('71) received his Master of Divinity degree from Wesley Theological Seminary, Washington, D.C. on May 20, 1974. A member of the Peninsula Conference of the Methodist Church, he is presently serving in Queenstown, Md.

Michael T. Parson ('71), Yeoman Second Class in the Navy, is serving aboard the heavy cruiser USS Newport News. The ship recently participated in "Northern Merger," a NATO training exercise conducted in the North and Norwegian Seas. They also visited several Scandinavian and European cities before returning to Norfolk, Va.

Second Lieutenant David E. Collins ('74) graduated from the U.S. Air Force administrative management officer course conducted by the Air Training Command at Keesler AFB, Miss. Commissioned through the Air Force ROTC program, Collins is assigned to MacDill AFB, Fla., for duty with a unit of the Air Force Communications Service.

Stanley E. Stottlemeyer ('67) received his Master of Education from Shippensburg State (Pa.) College Aug. 2, 1974. His field was elementary education.

Stephen P. Baker ('71) was married to Mona M. Hayden, May 18, 1974. Steve is a computer programmer at Maryland Casualty Insurance Co. in Baltimore and Mona works for the First National Bank of Maryland.

Jo Ann Maloney Staples ('70) received her Master of Arts degree from Longwood College, Farmville, Va., on May 18, 1974. She is employed as a social worker for the Anne Arundel Department of Social Services.

Nancy S. Hunter ('69), a telephone claim representative with the Hartford Insurance Company's Wilmington, Del. office, recently completed a seminar at the Hartford's advancement center in Hartford, Conn.

Larry W. Cassell ('69) is now the Vice Principal at Thurmont Middle School, Thurmont, Md. He and his wife, Nelda ('68), a part time reading teacher, have a daughter Laura Nicole.

Navy Lieutenant John M. Garrick ('67) is serving with Training Squadron Three at the Naval Air Station, Milton, Fla. He is assigned to duties as a flight instructor.

How Is Your Career Progressing; SSC May Help You!

Take a few minutes to answer the following questions:

Is your career development at a standstill?

Are you under employed for your level of education and experience?

Do you often feel bored with your present job?

Is your career development restricted because of your sex or age?

Do you feel you should be earning more considering your level of education and experience?

Do you feel there is a career you would enjoy more but need assistance to gain entry?

If you answered yes to any of these questions you may be in a career vacuum. The Career Development Center at Salisbury State College is interested in helping alumni reach their full career potential. Almost every week job offers requiring education and/or experience beyond the bachelor level are received by the Center. The problem of referring qualified alumni to these openings is the absence of an effective system of communication with, and knowledge of the qualifications of SSC's alumni.

SSC's director of career development is most interested in establishing an alumni career information bank. The purpose of this bank would be to have data available on each SSC alumnus, thus permitting a match-up between prospective employees and employers. The inquiries received as a rule come from governmental agencies. These agencies may be public educational

systems, universities, or the government offices themselves. Most inquiries call for bachelor or master degrees and always require a certain amount of experience. The key factor in virtually all cases is that of mobility. In other words, one must be willing to relocate in order to take advantage of these offers.

In an effort to establish our alumni career bank it is requested that each alumni take a few moments to fill out and mail the attached questionnaire. If adequate response is received and the career bank is established you will then be contacted if an inquiry that meets your criteria and qualifications is received.

M.A. In English Offered At SSC

A program leading to the Master of Arts degree in English may be undertaken at SSC by qualified students, beginning in January. The program has been approved by the Board of Trustees of the State Colleges of Maryland and the Maryland Council of Higher Education.

According to Dr. Duane Nichols, Chairman of the Department of English, interest in an English graduate program has been running high on the Eastern Shore. It is expected to be a popular program since only one other college on Delmarva—Washington College—has a Masters' degree program in English.

Dr. Nichols points out that Salisbury State College's new program offers a candidate a great deal of flexibility in pursuing his or her degree. Options may be made in conventional English, Linguistics or British and American Literature. Thirty-three semester hours of graduate work are required with concentrate in English. It is also possible to take 24 hours of English and up to nine hours or work in Communication Arts, Education, History, Modern Languages, Philosophy, Psychology or Sociology.

Requirements for admission are: Can-

didates must hold the bachelors degree and must have an undergraduate English major or its equivalent (30 semester hours of English beyond Freshman English) from an accredited college. They must have maintained a 3.0 (B) average in those undergraduate English courses.

Candidates who lack qualifications may be provisionally admitted to take course work as special students while making up and deficiencies.

Candidates for admission to full status in the English M.A. program must have attained a score of at least 500 on the English Aptitude Section of the Graduate Record Examination or, failing that, have demonstrated academic proficiency of equivalent nature in a comparable program of study. Under special circumstances, the English Department Graduate Committee may admit candidates who do not meet this condition.

Salisbury State first began a graduate program in 1962 with a Master of Education degree. In 1971, a program leading to a Master of Arts degree in History was initiated on the campus.

For further information, call or write Director of Graduate Studies, SSC.

SSC Football on TV and Radio

SSC was visited by Michael Buckley, a soccer and physical education teacher from Rio de Janeiro, Brazil, for a week in September. Under the Partners of Americas program, Buckley spent almost six weeks in Maryland.

While at Salisbury, he traveled with the soccer team to Rutgers at Camden (N.J.) and with the cross country team to Loyola in Baltimore. He also attended classes and talked with students and faculty.

Salisbury State took a big step in establishing a collegiate sports communication network, when General Television Channel 3 in Salisbury began televising SSC football games in color Thursday nights.

Each week's game is televised the Thursday following the game. Commentators are Dr. Ron Phipps, an administrator at Salisbury State, and Sylvester Burke, a student and star basketball player for the Gulls.

Another development for Salisbury State this year was moving from one local live radio broadcast into a network situation.

In addition to WJDY in Salisbury, all Sea Gull football games are carried by WJWL in Georgetown, Delaware.

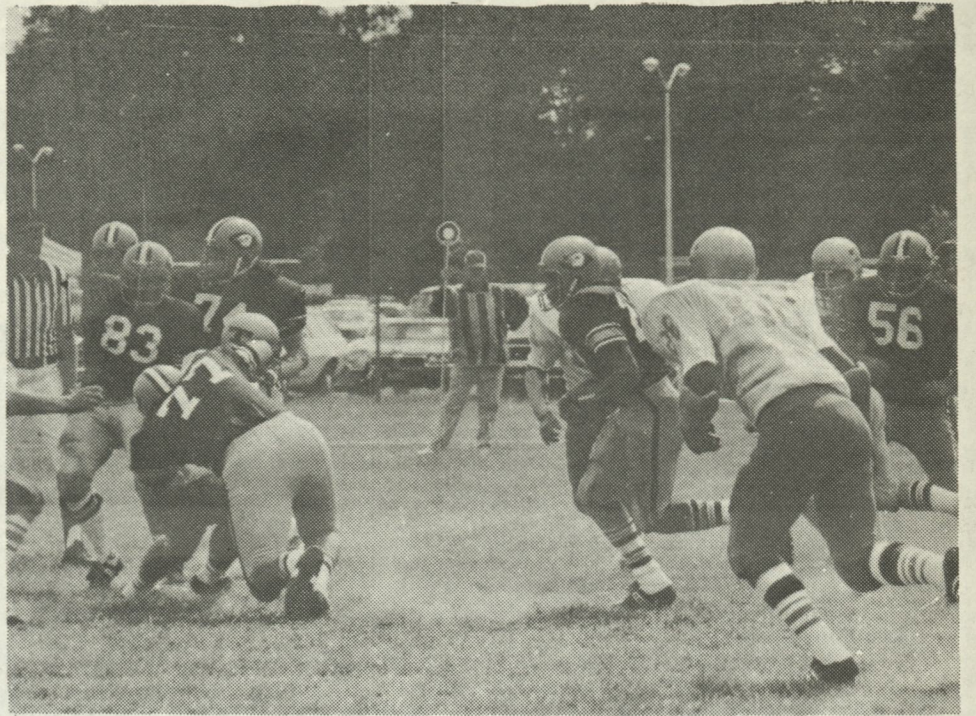

Commentators for these radio presentations are "R.T." and Ed Vaughn, veteran sportscasters from WJDY.

College Joins Mason-Dixon Conference

SSC announced that it had joined the Mason-Dixon Conference, an athletic group operating in the general area of Maryland, District of Columbia and Virginia. As a member of this organization, Salisbury State College becomes associated with the National Collegiate Athletic Association (NCAA). The Sea Gulls will no longer be associated with the National Association of Intercollegiate Athletics (NAIA). Football will be in Division III of the NCAA, while all the other sports are in Division II.

Transfer student Felicia Fortunato moves the ball for SSC. The Sea Gulls lost the game to Frostburg 3-1.

Jim Watson finds a hole in Trenton State's line. Joe Mohler (83), Andy Hill (77), Bart Boucher (74) and Tim Morgan (56) block. The Gulls won the opening game, 27-17.

Students Conduct Sociology Experiment For Meeting In Montreal

Nine Salisbury State College students conducted a unique experiment at the annual meeting of the American Sociological Association in Montreal, Canada, August 26 to 29.

The students, accompanied by two faculty members demonstrated through a laboratory method, the teaching of Principles of Sociology. The laboratory method is believed to be the first of its kind in the country.

The laboratory method, developed by Dr. John Shope, involves the students in planning the details of the course parallel to the lines of a bureaucratic society, representing the style of much of American life.

Approximately 5,000 members of the ASA, from the United States and many foreign countries, attended the sessions at

the Queen Elizabeth Hotel and other locations in Montreal.

Dr. John Shope, Chairman of the Department of Sociology, was one of the professors attending, while the other was Professor K. Peter Lade. All the students were Sociology Majors.

The students were: Sandra Lee Lewis, Susan Wagner, Lelia Stone, Dean T. Carroll, Susan Seltzer, Elodie Andrews, Robert Brinkman, Janet Fountain, David G. Robinson, Jr.

Summer Theatre Has Successful Season

Salisbury's Summer Theatre had another successful season, bringing productions of "Come Blow Your Horn" and "Laugh In" to the campus stage in Caruthers Hall.

The productions were initiated through the auspices of "Theatre In Action," a summer course offered by the Communication Arts Department. The course was designed to offer involvement in a professional theatrical production situation with formal classes in acting, voice and design.

All residents of the Eastern Shore area, or anyone else who wished to audition, were eligible for admission to the program. Each student registered in the Theatre was expected to elect an emphasis in that area of theatrical production most interesting to him. He was then required to assume responsibilities in that area during the seven week session.

Athletes Receive MVP Awards

Twenty athletes received Most Valuable Player awards at the annual sports dinner held on the campus in May. The awards were Sea Gull watches presented by the Sea Gull Club, a community booster organization supporting the college athletic program.

Watches were presented to the following women athletes: Field Hockey, Susan Grudis; Volleyball, Andy Stroup; Basketball, Connie Booth; Lacrosse, Shirley Jenkins; Softball, Cathy Moore; Tennis, Debbie Fladung; and Track, Frankie Robbins.

Men receiving watches included: Cross Country, Paul Arnold; Football, John Watson and Chris Emond; Soccer, Dave Byrd; Basketball, Howard Shockley; Indoor Track, Jeff Polk; Wrestling, Brad Finch; Baseball, Jerry Janowich; Golf, John Marvel; Lacrosse, Greg Mayne; Tennis, Bryan Briddell; and Outdoor Track, Steve Pitt and Jeff Polk.

Receiving special awards at the dinner were: Baseball Batting Champion, Don Krug, and Trainers Awards (Service), Doug Huffman and John Balderson.

Ed Vaughn, representative of Radio Station WJDY, presented a plaque to four outstanding football players. They were: Mike Russell, 1972 Defense; John Fields, 1972 Offense; John Watson, 1973 Defense; and Chris Emond, 1973 Offense.

Paul Wagasky recently finished third in the EAIWA Golf Championships hosted by SSC. A sophomore, Wagasky has been winning tournaments all over the Middle Atlantic States. Last spring she was a member of the Gull's men's varsity team.

Class Reunion Agents Volunteer

Homecoming this year will be special for nine of the classes returning to Salisbury. For these classes, it will be a 5th to 45th Class Reunion.

With this in mind and in an effort to bring the College and Alumni into closer contact, one person from each of the Reunion classes has volunteered to act as a Class Agent.

The purpose of the class agent is to keep in contact with members of their respective classes, not only for the special Homecoming, but for the whole year.

People who have graciously donated their time are Anna Jones Cooper '29, Alice Tyler '34, Anna Rose Doscher '39, Francis Muir '44, Denwood Bloodsworth, Jr. '49, Donald Collins '54, Carol Kirkwood Bozman '59, Sandra Greer '64 and Roberta Elzey '69.

Anyone who is interested in acting as a class agent for one of the other classes, please contact Gregory Islan, Alumni Office, SSC.

A short business meeting is to be held at Homecoming, Nov. 9. One of the purposes for the meeting is to elect new Alumni Officers. Anyone with nominations for either President or First Vice President should contact one of the following by Nov. 8.

Gregory Islan (Alumni Office, SSC) 301-546-3261 (DAY)

Sandy Webb (Corresponding Secretary) 301-749-2382 (EVENING)

Sylvia Bradley (Second VP) 302-875-7601 (DELAWARE)
